The Secret Dec 25 2022 When in 2007 Robert Martiensen was discovered, deceased, in his derelict home in rural South Australia an incredible secret was revealed. Throughout the modest building were stacks of some 7,000 framed and unframed paintings all created after 1990 when this enigmatic, inflexible, highly erudite, but equally eccentric individual was retired from his employment as a primary school mathematics teacher. Quick thinking and rapid action by the

book's author, psychotherapist and art gallery owner Dr Elizabeth Arthur, saved the entire collection from destruction or dispersal to enable this study to be undertaken. Martiensen, an obsessive individual who kept his art secret from the art world, never seeking to exhibit or sell it, might be described as an 'Outsider Artist' and join the catalogue of unusual artistic identities who have been discovered throughout the world. Robert Martiensen's story, based on interviews with those who knew him, is accompanied by more than 500 colour reproductions of his paintings - works which clearly demonstrate his fluctuating moods and intellectual interests while exhibiting remarkable aesthetic achievement. Previously unknown to the art world, his secret is now revealed.

Black Irish (Absalom Kearney 1) Oct 31 2020 It was only the first lie... As the snow drives down and the full force of a Buffalo winter makes itself felt, a man's body is found. Barely recognisable, the only clues the police have are the '1' carved into the victim's face and the killer's sinister calling card, a plastic toy monkey. This is 'The County' - the 27th county of Ireland - a city cocooned in secrets, suspicion and blood feuds, where the residents will do anything to protect their own. And for Detective Absalom Kearney, this case is her one chance to prove to a community more fiercely secretive than ever, that even the most heinous of murderers can be stopped. But as her investigation develops and the killer starts sending her cryptic messages, Absalom finds herself in a race not only to halt them but also to stop The County's residents exacting their own form of justice. Because at the heart of this community there is the darkness peculiar to those forgotten by society, and this darkness will affect Absalom's life in ways she could never have imagined...

Sherlock Holmes Mystery Magazine #4 Jul 08 2021 The fourth issue of "Sherlock Holmes Mystery Magazine" features Carla Coupe's new

Holmes story, "The Adventure of the Elusive Emeralds," plus tales by Stan Trybulski, Melville S. Brown, Marc Bilgrey, Hal Charles, William E. Chambers, Jean Paiva, and Roberta Rogow. This issue's classic reprint is "The Adventure of the Resident Patient," by Arthur Conan Doyle. Plus all the regular features, a look at the new Holmes movie, cartoons, and more.

Secret Empire Feb 15 2022 During the most dangerous years of the Cold War, a handful of Americans secretly built machines that revolutionized spying and warfare while protecting the United States from a surprise nuclear attack. This is their story, told in full for the first time. of photos.

Agent Garbo Feb 27 2023 This true-life thriller describes Juan Pujol, a poultry farmer who opposed the Nazis and concocted a series of staggering lies that lead to his becoming one of Germany's most valued spies, while actually acting as a double-agent for the Allies. 35,000 first printing.

Double Cross Jun 26 2020 The number one bestselling author of Agent Zigzag and Operation Mincemeat exposes the true story of the D Day Spies.

Into the Lion's Mouth Oct 19 2019 International bestseller! James Bond has nothing on Dusko Popov. a double agent for the Abwehr, MI5 and MI6, and the FBI during World War II, Popov seduced numerous women, spoke five languages, and was a crack shot, all while maintaining his cover as a Yugoslavian diplomat. On a cool August evening in 1941, a Serbian playboy created a stir at Casino Estoril in Portugal by throwing down an outrageously large baccarat bet to humiliate his opponent. The Serbian was a British double agent, and the money—which he had just stolen from the Germans—belonged to the British. From the sideline, watching with intent interest was none other than Ian Fleming. The Serbian was

Dusko Popov. As a youngster, he was expelled from his London prep school. Years later he would be arrested and banished from Germany for making derogatory statements about the Third Reich. When World War II ensued, the playboy became a spy, eventually serving three dangerous masters: the Abwehr, MI5 and MI6, and the FBI. On August 10, 1941, the Germans sent Popov to the United States to construct a spy network and gather information on Pearl Harbor. The FBI ignored his German questionnaire, but J. Edgar Hoover succeeded in blowing his cover. While MI5 desperately needed Popov to deceive the Abwehr about the D-Day invasion, they assured him that a return to the German Secret Service Headquarters in Lisbon would result in torture and execution. He went anyway... Into the Lion's Mouth is a globe-trotting account of a man's entanglement with espionage, murder, assassins, and lovers—including enemy spies and a Hollywood starlet. It is a story of subterfuge and seduction, patriotism, and cold-blooded courage. It is the story of Dusko Popov—the inspiration for James Bond. INCLUDES PHOTOGRAPHS

The Secret Agent Jun 19 2022 In this #1 Kindle bestseller, Eric Erickson, the most important American spy of WWII, has a dangerous secret to keep. In 1942, the Brooklyn-born Erickson was a millionaire oil mogul who volunteered for a dangerous mission inside the Third Reich: locating the top-secret synthetic oil plants that kept the German war machine running. To fool the Nazis, Erickson played the role of a collaborator. He hung a portrait of Hitler in his apartment and "disowned" his Jewish best friend, then flew to Berlin, where he charmed Himmler and signed lucrative oil deals with the architects of the Final Solution. All the while, he was visiting the oil refineries and passing their coordinates to Allied Bomber Command, who destroyed the plants in a series of B-17 raids, helping to end the

war early. After the war, Erickson's was revealed as a secret agent and received the Medal of Freedom for his bravery. William Holden even played him in a hit Hollywood movie. For a brief moment in the early '60s, Erickson was the most famous spy in the world. His secret? He hadn't played a Nazi collaborator. He'd actually been one - a war profiteer who'd made millions of trading with Hitler before having a change of heart. Black-listed by the Allies and disowned by his family, Erickson had volunteered for the spy mission in order to redeem himself, and ended up saving thousands of Allied lives. Based on newly-discovered archives in Sweden, *The Secret Agent* is a riveting piece of narrative nonfiction that tells the true story of Erickson's remarkable life for the first time.

The Moscow Eccentric Sep 10 2021 This newly rediscovered gem of a novel by one of Russia's finest writers explores some of the thorniest issues of the early twentieth century. And reviewers have hailed the translation as "a coup" and "a remarkable achievement." An absent-minded professor and a glamorous yet bumbling spy struggle over a powerful secret formula in this tale filled with eccentric personalities, wild dialogue, improbable sounds, bristling images and vivid colors. In *The Moscow Eccentric*, Andrei Bely challenges readers not only with his ideas, but by presenting them in a what he called an "epic poem in prose format." Built on a rhythmic backbone of metered prose that supports a wondrous array of literary devices, both poetic and prosaic, Bely's language play is breathtaking. He is as brilliant on a huge canvas depicting spectacular swaths of city life as he is in detailing the patterns of snow on a small stretch of sidewalk. He surprises and thrills readers with constant tonal and stylistic variation, moving effortlessly from lyrical descriptions of nature to slapstick physical and verbal parody of Russia's social milieu. Brought into English for the first time by award-winning

translator Brendan Kiernan, and peppered with original illustrations by Katya Korobkina, this is a stunning, poetic, and powerful novel by the author of Petersburg, which Vladimir Nabokov called one of the four best novels of the twentieth century.

The Word Is Murder Jul 28 2020 SHE PLANNED HER OWN FUNERAL. BUT DID SHE ARRANGE HER MURDER? Buried secrets, murder and a trail of bloody clues lie at the heart of Anthony Horowitz's page-turning new detective series. If you enjoyed BBC's Sherlock, you'll LOVE The Word is Murder! 'EASILY THE GREATEST OF OUR CRIME WRITERS' Sunday Times

_____ A woman is strangled six hours after organising her own funeral. Did she know she was going to die? Did she recognise her killer? Enter Daniel Hawthorne, a detective with a genius for solving crimes and an ability to hold secrets very close. With him is his writing partner, Anthony Horowitz. Together they will set out to solve his most puzzling of mysteries. What neither of them know is that they are about to embark on a dark and dangerous journey whether the twists and turns are as unexpected as they are bloody. _____ 'Raises the game-playing to Olympic level' Guardian Books of the Year 'A real page-turner. I loved it!' Aled Jones 'Horowitz blurs the line between fact and fiction' Financial Times 'Splendidly entertaining, absorbing and difficult to put down. Hawthorne is an intriguing character' Daily Express 'Sharp-witted readers who think they've solved the puzzle early on can rest assured that they've opened only one of many dazzling Christmas packages Horowitz has left beautifully wrapped under the tree' Kirkus Reviews 'Deduction and wit are well-balanced, and fans of Peter Lovesey and other modern channelers of the spirit of the golden age of detection will clamor for more' Publishers Weekly

The Mystery Readers' Advisory Apr 17 2022 Three librarians from

Scottsdale, Arizona provide library staff with an introduction to the mystery genre and offer tips and techniques for providing advice to mystery readers in the library. They include some of their own bibliographies, but refer readers elsewhere for fuller ones. They also include a brief history of the genre to pass on to readers new to it.

Studies in Intelligence Aug 21 2022

Agent Garbo Oct 23 2022 "The book presses ever forward down a path of historical marvels and astonishing facts. The effect is like a master class that's accessible to anyone, and Agent Garbo often reads as though it were written in a single, perfect draft." "The

Atlantic Before he remade himself as the master spy known as Garbo, Juan Pujol was nothing more than a Barcelona poultry farmer. But as Garbo, he turned in a masterpiece of deception that changed the course of World War II. Posing as the Nazis' only reliable spy inside England, he created an imaginary million-man army, invented armadas out of thin air, and brought a vast network of fictional subagents to life. The scheme culminated on June 6, 1944, when Garbo convinced the Germans that the Allied forces approaching Normandy were just a feint—the real invasion would come at Calais. Because of his brilliant trickery, the Allies were able to land with much less opposition and eventually push on to Berlin. As incredible as it sounds, everything in Agent Garbo is true, based on years of archival research and interviews with Pujol's family. This pulse-pounding thriller set in the shadow world of espionage and deception reveals the shocking reality of spycraft that occurs just below the surface of history. "Stephan Talty's unsurpassed research brings forth one of the war's greatest agents in a must-read book for those who think they know all the great World War II stories." "Gregory Freeman, author of The Forgotten 500

The Mystery Fancier (Vol. 7 No. 1) January-February 1983 Apr 05

2021 The Mystery Fancier, Volume Seven Number One, January-February 1983, contains: "Captain Joseph T. Shaw's Black Mask Scrapbook," by E. R. Hagemann, "Detection by Other Means," by Bob Sampson, "Joe Orton's and Tom Stoppard's Burlesques of the Detective Genre," by Earl F. Bargainnier, "Bloody Balaclava: Charlotte MacLeod's Campus Comedy Mysteries," by Jane S. Bakerman and "Spy Series Characters in Hardback, Part XIII," by Barry Van Tilburg.

Heroes, Rogues, and Spies May 26 2020

The Secret Hen House Theatre Jun 07 2021 Since the death of her mother, Hannah's family life has been somewhat chaotic. Her father is absorbed by running their dilapidated farm, and the four children are increasingly left to their own devices. These include "farming" each room of the house, looking after an enormous pet sheep called Jasper, and writing and directing plays in a disused hen house. But when the farm is threatened with demolition, Hannah determines to save it and realize her dreams at the same time...

The Da Vinci Code Aug 09 2021 A thoughtful, well-written and entertaining discussion of the often speculative background to Dan Brown's best-selling novel. The intriguing backdrop to the The Da Vinci Code has proved even more interesting to many than the modern thriller that plays out against a canvas of history, interpretations of archaeological findings, ancient documents discovered in the Middle East, and speculations about the life and relationships of Jesus Christ. This fascinating book offers the questing mind an opportunity to look behind the story at the unfolding possibilities of its compelling background. Dan Brown's book would hardly have caused such a stir were readers not already questioning some of the dogma of their own belief systems. The

author has written several books on a variety of subjects and is the former head of a university Department of English and the retired director of its publishing division.

The Good Assassin Nov 12 2021 "The untold story of a Latvian Nazi's gruesome crimes and an Israeli spy's epic journey to bring him to justice-a case that altered the fates of all ex-Nazis."--

Oddity Feb 03 2021 The daughter of a murdered physician vows to protect the magical Oddity he left behind in an alternate nineteenth century where a failed Louisiana Purchase has locked a young Unified States into conflict with France. It's the early 1800s, and Clover travels the impoverished borderlands of the Unified States with her father, a physician. See to the body before you, he teaches her, but Clover can't help becoming distracted by bigger things, including the coming war between the US and France, ignited by a failed Louisiana Purchase, and the terrifying vermin, cobbled together from dead animals and spare parts, who patrol the woods. Most of all, she is consumed with interest for Oddities, ordinary objects with extraordinary abilities, such as a Teapot that makes endless amounts of tea and an Ice Hook that freezes everything it touches. Clover's father has always disapproved of Oddities, but when he is murdered, Clover embarks on a perilous mission to protect the one secret Oddity he left behind. And as she uncovers the truth about her parents and her past, Clover emerges as a powerful agent of history. Here is an action-filled American fantasy of alternate history to rival the great British fantasies in ideas and scope.

Sand and Steel May 18 2022 "Sand and Steel gives us D-Day, arguably the greatest and most consequential military operation of modern times, beginning with the years of painstaking and costly preparation, through to the pitched battles fought along France's northern coast, from Omaha Beach to the Falaise and the push east to

Strasbourg. In addition to covering the build-up to the invasion, including the elaborate and lavish campaigns to deceive Germans as to where and when the invasion would take place, Peter Caddick-Adams gives a full and detailed account of the German preparations, but the heart of the book is Caddick-Adams' narratives of the five beaches where the terrible drama played out--Utah, Omaha, Gold, Juno, and Sword, and the attempt by American, British, and Canadian soldiers to gain a foothold in Europe"--

Strange Brains and Genius Sep 22 2022 Never has the term mad scientist been more fascinatingly explored than in internationally recognized popular science author Clifford Pickover's richly researched wild ride through the bizarre lives of eccentric geniuses. A few highlights: "The Pigeon Man from Manhattan" Legendary inventor Nikola Tesla had abnormally long thumbs, a peculiar love of pigeons, and a horror of women's pearls. "The Worm Man from Devonshire" Forefather of modern electric-circuit design Oliver Heaviside furnished his home with granite blocks and sometimes consumed only milk for days (as did Nikola Tesla and Thomas Edison). "The Rabbit-Eater from Lichfield" Renowned scholar Samuel Johnson had so many tics and quirks that some mistook him for an idiot. In fact, his behavior matches modern definitions of obsessive-compulsive disorder and Tourette's syndrome. Pickover also addresses many provocative topics: the link between genius and madness, the role the brain plays in alien abduction and religious experiences, UFOs, cryonics -- even the whereabouts of Einstein's brain!

Secret Agent Mummy Aug 29 2020 What could be crazier than a 2000-year-old Egyptian mummy detective moving in next door? How about: * An army of brainwashed baboons? * A flying bandaged dog's-bottom? * A talking cat goddess? * An evil sorcerer from

another world? Somehow, Niall Rivers has got to deal with all of them. Still, it's not the end of the world . . . Is it? Packed with black and white illustrations, real facts about Ancient Egypt, plus fun and action on every page, this is the first book in a brilliant new series by Steve Cole.

Operation Mincemeat Jan 02 2021 NEW YORK TIMES BESTSELLER ■ NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES ■ NOW A MAJOR MOTION PICTURE ■ Pure catnip to fans of World War II thrillers and a lot of fun for everyone else. ■ Joseph Kanon, *The Washington Post Book World* The ■brilliant and almost absurdly entertaining■ (Malcolm Gladwell, *The New Yorker*) true story of the most successful■and certainly the strangest■deception ever carried out in World War II, from the acclaimed author of *The Spy and the Traitor*. Near the end of World War II, two British naval officers came up with a brilliant and slightly mad scheme to mislead the Nazi armies about where the Allies would attack southern Europe. To carry out the plan, they would have to rely on the most unlikely of secret agents: a dead man. Ben Macintyre's dazzling, critically acclaimed bestseller chronicles the extraordinary story of what happened after British officials planted this dead body■outfitted in a British military uniform with a briefcase containing false intelligence documents■in Nazi territory, and how this secret mission fooled Hitler into changing military positioning, paving the way for the Allies' drive to victory.

The Secret Wild Mar 24 2020

Communicating with Intelligence Jan 14 2022 This book outlines the foundations of good intelligence communication, a toolkit for writing these documents, the briefing process, and a guide to citations and classified materials.

Codename Tricycle Dec 01 2020 A wealthy lawyer, debonair ladies'

man, consummate actor, and courageous gambler, Dusko Popov played the role of playboy amongst the top echelons of British society to become one of Germany's most trusted spies. In fact, he was one of Britain's most successful double agents, and, some say, the inspiration for James Bond. With full access to FBI and MI5 records, along with private family papers, his incredible adventures can now be told authoritatively for the first time. Recruited by the Abwehr in 1940, 27-year-old Popov immediately offered his services to the British. His code-name was Tricycle. Throughout the war he fed the Germans with a constant stream of military 'intelligence', all vetted by MI5, and came to be viewed as their most important and reliable agent in Britain. But when he was ordered by the Abwehr to the United States to report on the defences at Pearl Harbor, J. Edgar Hoover, Director of the FBI, failed to heed his warnings, distrusting all spies and detesting Popov in particular, whom he considered to be 'a moral degenerate'. Facing the danger of exposure, arrest and execution on a daily basis, Tricycle went on to build up a network known as the Yugoslav Ring, which not only delivered a stream of false information to Berlin but also supplied vital intelligence to the Allies on German rocketry, strategy and security. After the war Dusko Popov was granted British citizenship and awarded an OBE. The presentation was made, appropriately, in the cocktail bar at the Ritz.

The Utopia of Rules Mar 04 2021 From the author of the international bestseller *Debt: The First 5,000 Years* comes a revelatory account of the way bureaucracy rules our lives Where does the desire for endless rules, regulations, and bureaucracy come from? How did we come to spend so much of our time filling out forms? And is it really a cipher for state violence? To answer these questions, the anthropologist David Graeber—one of our most important and

provocative thinkers—traces the peculiar and unexpected ways we relate to bureaucracy today, and reveals how it shapes our lives in ways we may not even notice—though he also suggests that there may be something perversely appealing—even romantic—about bureaucracy. Leaping from the ascendance of right-wing economics to the hidden meanings behind Sherlock Holmes and Batman, *The Utopia of Rules* is at once a powerful work of social theory in the tradition of Foucault and Marx, and an entertaining reckoning with popular culture that calls to mind Slavoj Žižek at his most accessible. An essential book for our times, *The Utopia of Rules* is sure to start a million conversations about the institutions that rule over us—and the better, freer world we should, perhaps, begin to imagine for ourselves.

Churchill Nov 19 2019 Written in the tradition of Stefan Zweig's biographical studies, Haffner's *Churchill* is a concise, effective, warts-and-all analysis of one of the giants of the twentieth century. Beginning with a brief history of the Churchill family, Haffner examines the future Prime Minister's childhood; his early failures in school and in politics; his indomitable energy and drive; how he managed to become an inspirational figure to anti-Nazis all over the world; and how he managed to seize success from the jaws of defeat over and over again. Compact, elegant and incisive, this is the one book about Churchill that is a must-read. "One of the most brilliant things of any length written about Churchill." — *The Times Literary Supplement* "Fast-moving and perceptive." — *The (London) Times* "A wonderful portrait of Churchill." — *Die Zeit* "A ravishing biography." — *Der Spiegel* "[A] fascinating psychological study of Britain's greatest war leader... a pleasure to put on your bookshelf" — *Tribune* "His *Meaning of Hitler* published in 1978 remains a masterpiece of historiography. His *Churchill* biography gives the first indication of

his great talent for brief, wonderfully graphic insights. □ □ Süddeutsche Zeitung □Of all [Haffner's] books, this is the one that stays in my memory. □ □ Marcel Reich-Ranicki □[Haffner] was an □admirer of great men□ and among all the biographies of Winston Churchill his brief sketch of the man who □risked Britain in order to defeat Hitler□ is a model of historically empathetic veneration. □ □ Joachim Fest □Astute, short, analytical, like all Haffner's work. Cuts away anything that is not bare essential, what remains stays with you for a lifetime. □ □ J. AB Sennef, Quora □What distinguishes this brilliant biography is its partisanship. It does not list facts in order and evaluate them. Every sentence is witness to the fact that the biographer loves this man with all his failings. □ □ Wolfgang Franssen, Belletristik Couch □A jewel. Haffner lived through the decisive years in Britain and gives a convincing description the fragile atmosphere in which Churchill fought his battles. □ □ Tarzan von Aquin □[Haffner was] one of the great historians and journalists of the last century. □ □Andrew Roberts

The Need Feb 21 2020 ***LONGLISTED FOR THE NATIONAL BOOK AWARD IN FICTION*** □An extraordinary and dazzlingly original work from one of our most gifted and interesting writers□ (Emily St. John Mandel, author of *The Glass Hotel*). *The Need*, which finds a mother of two young children grappling with the dualities of motherhood after confronting a masked intruder in her home, is □like nothing you've ever read before□in a good way□ (People). When Molly, home alone with her two young children, hears footsteps in the living room, she tries to convince herself it's the sleep deprivation. She's been hearing things these days. Startling at loud noises. Imagining the worst-case scenario. It's what mothers do, she knows. But then the footsteps come again, and she catches a glimpse of movement. Suddenly Molly finds herself face-to-face with

an intruder who knows far too much about her and her family. As she attempts to protect those she loves most, Molly must also acknowledge her own frailty. Molly slips down an existential rabbit hole where she must confront the dualities of motherhood: the ecstasy and the dread; the languor and the ferocity; the banality and the transcendence as the book hurtles toward a mind-bending conclusion. In *The Need*, Helen Phillips has created a subversive, speculative thriller that comes to life through blazing, arresting prose and gorgeous, haunting imagery. "Brilliant" (Entertainment Weekly), "grotesque and lovely" (The New York Times Book Review, Editor's Choice), and "wildly captivating" (O, The Oprah Magazine), *The Need* is a glorious celebration of the bizarre and beautiful nature of our everyday lives and "showcases an extraordinary writer at her electrifying best" (Publishers Weekly, starred review).

The Star-Crossed Stone Mar 16 2022 Throughout the four hundred thousand years that humanity has been collecting fossils, sea urchin fossils, or echinoids, have continually been among the most prized, from the Paleolithic era, when they decorated flint axes, to today, when paleobiologists study them for clues to the earth's history. In *The Star-Crossed Stone*, Kenneth J. McNamara, an expert on fossil echinoids, takes readers on an incredible fossil hunt, with stops in history, paleontology, folklore, mythology, art, religion, and much more. Beginning with prehistoric times, when urchin fossils were used as jewelry, McNamara reveals how the fossil crept into the religious and cultural lives of societies around the world—the roots of the familiar five-pointed star, for example, can be traced to the pattern found on urchins. But McNamara's vision is even broader than that: using our knowledge of early habits of fossil collecting, he explores the evolution of the human mind itself, drawing striking conclusions about humanity's earliest appreciation of beauty and the

first stirrings of artistic expression. Along the way, the fossil becomes a nexus through which we meet brilliant eccentrics and visionary archaeologists and develop new insights into topics as seemingly disparate as hieroglyphics, Beowulf, and even church organs. An idiosyncratic celebration of science, nature, and human ingenuity, *The Star-Crossed Stone* is as charming and unforgettable as the fossil at its heart.

Adventure, Mystery, and Romance Dec 13 2021 In this first general theory for the analysis of popular literary formulas, John G. Cawelti reveals the artistry that underlies the best in formulaic literature. Cawelti discusses such seemingly diverse works as Mario Puzo's *The Godfather*, Dorothy Sayers's *The Nine Tailors*, and Owen Wister's *The Virginian* in the light of his hypotheses about the cultural function of formula literature. He describes the most important artistic characteristics of popular formula stories and the differences between this literature and that commonly labeled "high" or "serious" literature. He also defines the archetypal patterns of adventure, mystery, romance, melodrama, and fantasy, and offers a tentative account of their basis in human psychology.

Sleep Tight: A DC Rose Gifford Thriller (Rose Gifford series, Book 1) Dec 21 2019 A brand new detective series with a supernatural twist! "Eerie, original and compelling" C.L. Taylor "Tense and twisted" Susi Holliday "A brilliant, clever murder mystery" Jane Casey Even in your dreams you're not safe...

Operation Garbo Jan 26 2023 He was GARBO to the Allies and ALARIC to the Germans — the most successful double agent of the Second World War. Indeed, his spy network across Britain was so highly regarded that he was decorated for his achievements ... by both sides. Throughout the war, GARBO kept the Germans supplied with reports from his ring of twenty-four agents. Hitler's spymasters never

discovered or even suspected a double-cross, but all the agents in GARBO's network existed solely in his imagination. In one of the most daring espionage coups of all time, GARBO persuaded the enemy to hold back troops that might otherwise have defeated the Normandy landings on D-Day; without him, the Second World War could have taken a completely different course. For decades, GARBO's true identity was a closely guarded secret. After the war, he vanished. Years later, after faking his own death, Juan Pujol García was persuaded by the author to emerge from the shadowy world of espionage, and in this new edition of his classic account, now updated to include his agents' original MI5 files, GARBO reveals his unique story.

Agent Jack: The True Story of MI5's Secret Nazi Hunter Sep 29 2020 'Highly readable' Ben Macintyre 'Pacy, original and frequently chilling' Henry Hemming June 1940. Britain is Europe's final bastion of freedom - and Hitler's next target. But not everyone fears a Nazi invasion. In factories, offices and suburban homes are men and women determined to do all they can to hasten it. Throughout the Second World War, Britain's defence against the enemy within was Eric Roberts, a former bank clerk from Epsom. Equipped with an extraordinary ability to make people trust him, he was recruited into the shadowy world of espionage by the great spymaster Maxwell Knight. Roberts penetrated first the Communist Party and then the British Union of Fascists, before playing his greatest role for MI5 - as Hitler's man in London. Codenamed Jack King, he single-handedly built a network of hundreds of British Nazi sympathisers, with many passing secrets to him in the mistaken belief that he was a Gestapo officer. Operation Fifth Column, run by a brilliant woman scientist and a Jewish aristocrat with a sideline in bomb disposal, was kept so secret it was omitted from the reports MI5 sent to Winston Churchill.

In a narrative that grips like a thriller, Robert Hutton tells the fascinating story of an operation whose existence has only recently come to light. Drawing on newly declassified documents and private family archives, Agent Jack shatters the comfortable notion that Britain could never have succumbed to fascism, and celebrates - at last - the courage of individuals who protected the country they loved at great personal risk.

The Book of Hidden Wonders Apr 24 2020 A young girl. A hidden treasure. A dark family secret. "Evocative and enchanting" a future classic' Veronica Henry "An extraordinary debut... beautiful, dark, haunting" Edward Carey "A captivating coming-of-age story" Daily Mail "A bewitching read" Woman & Home

Eccentric Britain May 06 2021 A delightful romp around the British Isles searching out the mad marquess, the eccentric earl, the barmy baron, and the daft duke and gathering a fair collection of crackpot inventors, weird adventurers and fascinatingly and not to mention insanely curious customs along the way. All of which make this rainy little island home to that remarkable breed of individual - the British eccentric. This expanded book still doesn't tell you where Stonehenge is, but it does tell you where ten spookier stone circles are where there will be no crowds, no admission charges and no parking problems... This is a book for the intelligent, humorous, curious tourist who doesn't go with the crowd. It is also a great armchair read that has been known to have readers weeping with mirth at the weird ways of the British.

The Black Hand Oct 11 2021 Discover the truth about the Black Hand, as featured in Peaky Blinders Beginning in the summer of 1903, an insidious crime wave filled New York City, and then the entire country, with fear. The children of Italian immigrants were kidnapped, and dozens of innocent victims were gunned down.

Bombs tore apart tenement buildings. Judges, senators, Rockefellers, and society matrons were threatened with gruesome deaths. The perpetrators seemed both omnipresent and invisible. Their only calling card: the symbol of a black hand. The crimes whipped up the slavering tabloid press and heated ethnic tensions to the boiling point. Standing between the American public and the Black Hand's lawlessness was Joseph Petrosino. Dubbed the "Italian Sherlock Holmes," he was a famously dogged and ingenious detective, and a master of disguise. As the crimes grew ever more bizarre and the Black Hand's activities spread far beyond New York's borders, Petrosino and the all-Italian police squad he assembled raced to capture members of the secret criminal society before the country's anti-immigrant tremors exploded into catastrophe. Petrosino's quest to root out the source of the Black Hand's power would take him all the way to Sicily—but at a terrible cost. Unfolding a story rich with resonance in our own era, *The Black Hand* is fast-paced narrative history at its very best.

Operation Lena and Hitler's Plots to Blow Up Britain Jan 22 2020

The wartime story of how the Nazi Germany's sent saboteurs from 1938 onwards to launch acts of terror on the street of England and amazingly employed collaborators from the IRA, and attempted to use Scottish and Welsh nationalists.

Radio War Jul 20 2022 During the Second World War German intelligence had deployed wireless teams throughout occupied Europe. Agents had even been deployed to mainland Britain to spy on British military activity. Monitoring and reporting of their wireless transmissions fell to a small, secretive and largely unknown unit manned almost exclusively by volunteers. The Voluntary Interceptors (VI) as they became known would spend hours every day at home monitoring the short wavelengths for often faint and difficult to copy

signals transmitted by these German secret intelligence services. This unit was to become known as the Radio Security Service (RSS) and was at the core of the signals intelligence production effort at Bletchley and the insights into German military tactical and strategic planning. Without interceptors like the RSS, Bletchley would not have existed. Their story has never truly been written and RADIO WAR focuses on the secret world of wireless espionage and includes first-hand accounts from the surviving veterans of the unit. Its existence was only made public 35 years after WWII ended, shortly after Bletchley Park's secrets were exposed. Patrick Reilly, the Assistant to Head of MI6 Stewart Menzies, was to say of the RSS.... 'a team of brilliance unparalleled anywhere in the intelligence machine.'
