preparation Key Features Get the knowledge you need to pass the DP-900 exam on your first attempt Gain fundamental knowledge of the core concepts of working with data in Azure cloud data services Learn through a practical approach and test yourself with mock exams at the end of the book Book Description Passing the DP-900 Microsoft Azure Data Fundamentals exam opens the door to a myriad of opportunities for working with data services in the cloud. But it is not an easy exam and you'll need a guide to set you up for success and prepare you for a career in Microsoft Azure. Absolutely everything you need to pass the DP-900 exam is covered in this concise handbook. After an introductory chapter covering the core terms and concepts, you'll go through the various roles related to working with data in the cloud and learn the similarities and differences between relational and non-relational databases. This foundational knowledge is crucial, as you'll learn how to

provision and deploy Azure's relational and non-relational services in detail later in the book. You'll also gain an understanding of how to glean insights with data analytics at both small and large scales, and how to visualize your insights with Power BI. Once you reach the end of the book, you'll be able to test your knowledge with practice tests with detailed explanations of the correct answers. By the end of this book, you will be armed with the knowledge and confidence to not only pass the DP-900 exam but also have a solid foundation from which to embark on a career in Azure data services. What you will learn

- Explore the concepts of IaaS and PaaS database services on Azure
- Query, insert, update, and delete relational data using SQL
- Explore the concepts of data warehouses in Azure
- Perform data analytics with an Azure Synapse Analytics workspace
- Upload and retrieve data in Azure Cosmos DB and Azure HDInsight
- Provision and deploy non-relational data services in Azure
- Contextualize the

knowledge with real-life use cases

Test your progress with a mock exam

Who this book is for

This book is for data engineers, database administrators, or aspiring data professionals getting ready to take the DP-900 exam. It will also be helpful for those looking for a bit of guidance on how to be better equipped for Azure-related job roles such as Azure database administrator or Azure data engineer. A basic understanding of core data concepts and relational and non-relational data will help you make the most out of this book, but they're not a pre-requisite.

Clear, accessible explanations present reading concepts without oversimplifying the process of reading comprehension. To ensure students' understanding, reading keys or summaries follow the explanations, breaking them down into manageable chunks. Throughout each chapter, a variety of steadily more difficult exercises assess students' understanding of the material and promote improved comprehension

and critical-thinking skills. This incremental approach to instruction and assessment makes it easier for beginning readers to absorb and master new information. The Fourth Edition includes new chapters on analyzing arguments and sentence relationships. In addition, there is a greater emphasis on recognizing and understanding verbal clues to meaning, new discussions on how the brain learns and remembers new information, and several new engaging readings. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version. This book explores the effectiveness of listen-to-summarize tasks as a tool to assess lecture comprehension ability. It especially focuses on listen-to-summarize tasks that represent listeners' meaning building and the discourse construction of the lecture for listening assessment purposes. It discusses in depth the nature of lecture comprehension and introduces the approaches

to assessing it. It also presents teachers' and students' perceptions of listen-to-summarize task demands and their respective implications. By observing interactions between test-takers' cognitive processes and the task itself, the book explores the effectiveness of these tasks. It also examines the discrepancy in cognitive processes between different language competence levels in detail, shedding light upon current research on lecture comprehension assessment and offering insights into listening comprehension instruction. The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of

the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that

have empowered thousands of companies to achieve exceptional growth. *They Ask, You Answer* is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with *They Ask, You Answer*. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company,

instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. *They Ask, You Answer* is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales. book. See what students are saying about the previous edition... Worth every penny. "I found this to be helpful from the very first chapter. I was able to apply the ideas to the very next test I took in nursing school and have found it changed the way I view nursing school. It breaks it down to the various types of questions asked and how to approach them. It teaches you to brush aside the distracting and unnecessary aspects of the questions and teaches you to hone in on what really is essential. It even helps you break down the dreaded 'select all that apply' questions. I highly recommend this book to any and all first-year nursing students." —Suzanne Chick Amazing. "The FA Davis Test Success book is amazing. In lecture, we're told how to deal with "nursing" questions but it can still be puzzling. The test success book is wonderful and gives you examples and explanations, and then a practice test to use the test-taking tips in and gauge your success." —Nina, Durham Technical Community College Great Techniques To Know

BEFORE Starting School. "...this has helped tremendously. It breaks down the types of testing questions and gives hints on how to process it and choose the most correct answer. As well as ways to calm yourself on the day of the test and ways to prepare for test day. If you have test anxiety this will definitely help with calming your testing fears. I've read from several buyers of this book to read it before you start school and I definitely agree!" —J N Moore
