Analyzing Recorded Music: Collected Perspectives on Popular Music Tracks is a collection of essays dedicated to the study of recorded popular music, with the aim of exploring "how the record shapes the song" (Moylan, Recording Analysis, 2020) from a variety of perspectives. Introduced with a Foreword by Paul Théberge, the distinguished editorial team has brought together a group of reputable international contributors to write about a rich collection of recordings. Examining a diverse set of songs from a range of genres and points in history (spanning the years 1936-2020), the authors herein illuminate unique attributes of the selected tracks and reveal how the recording develops the expressive content of song performance.
