[Desire for Healing and Tests of Faith](#) Apr 24 2020 We all face hard times at one point in our lives. But the  
times when we question our faith, and question our ability to move on are especially important. Do we trust  
in God? Do we trust in ourselves? Something as bad as a fatal illness can cause fear, doubt, and questions  
about what you are doing on this earth. Pain takes over and renders us helpless and willing to throw in the  
towel and give up. But God tells us that He will sustain us. He will lift us up. Art Russell shares the powerful  
story of his struggle with Cushing's Disease. Although unfamiliar to most people, Cushing's is a potentially  
fatal disease that strips the victim's life away piece by piece. As you read, you will get an up close and  
personal look into the life of someone plagued with Cushing's disease and his daily struggles. Discover  
Scriptural passages he surrounded himself with.

**Stephenson's** Jan 26 2023 Excerpt from Stephenson's: Illustrated Practical Test, Examination and Ready Reference Book for Stationary, Locomotive and Marine Engineers, Firemen, Electricians and Machinists to Procure Steam Engineer's License The reason for the publication of this book is, that having given over 25 years of my life to the careful study and practical workings of Boilers, Engines, Pumps, Electric Light Dynamos, Turning Laths, Planers, Shapers and general Machine Shop practice, I thought it proper to give the rising young mechanics and engineers such information in plain simple language so as to be easily understood, and save years of time and money in gathering the information through other sources. It is only necessary to say that the longer one labors in practical mechanics, the more mature is his mind and judgment and the better qualified he is to carry on his work. This book is written especially for Mechanics who wish to prepare themselves in procuring Government, State or City License as an Engineer. About the
